

Summer Camps 2017
Week of June 5, 2016 through July 27, 2017
Camp Location: 9850 N. Michigan Road Suite D
Carmel, IN 46032
Theme: Make It and Take It

Overall Description:

Summer is a time for fun; therefore, it is hands on activities with project based language therapy! Our camps are designed for students with speech, language or learning difficulties. We will utilize a fun theme, Make It and Take It, to integrate our lesson plans for students while we listen, speak, read, spell, and write. We achieve your student's goals through fun, food and building friendships.

Make It and Take It: Let's Get Going on Speech & Language Skills for Literacy
(Entering kindergarten -1st grade) Tuesdays 10-12

This camp will focus on all speech and language areas needed for academic success. This includes vocabulary building, narrative development, phonological awareness skills (letter/sound identification, rhyming, blending, and segmenting) and sight words that will lead to academic success. In keeping with the summer theme, in addition to learning the alphabetic principle, speech sound awareness, and a visual phonics program, lessons will focus on all areas of language development while we provide sensory and motor planning experiences for the Make It and Take It crafts.

Make It and Take It: Speech, Language, Learning, and Critical Thinking Skills
(7th-8th) Tuesdays 1-3

This camp for 7th through 8th graders ramps up the expectations for reading comprehension, writing, and presenting. A strong emphasis will be placed on making inferences and predictions, comparing and contrasting information as well as the planning and organization process for researching and presenting.

Make It and Take It: Speech and Language Skills for Learning Success (Entering 2nd-3rd)
Wednesdays 10-12

This camp will focus on increasing vocabulary, sight word recall, and phonics skills for spelling and reading unfamiliar words, reading comprehension, and storytelling. This is also a great time to target generalization of speech skills (articulation and fluency).

Make It and Take It: Speech, Language, Learning and Critical Thinking Skills
(4th-6th) Wednesdays 1-3

This camp for 4th through 6th graders ramps up the expectations for reading comprehension, writing, and presenting. A strong emphasis will be placed on making inferences and predictions, comparing and contrasting information as well as the planning and organization process for researching and presenting.

Please note, a camp must have at least 3 participants to be offered.

High School students are encouraged to apply as Counselors in Training.

Please contact us if you are interested in individual therapy sessions.
